## Maryland State Board of Elections Addresses an Error with Mail-In Ballots

**ANNAPOLIS (May 15, 2026)** — [The Maryland State Board of Elections](#) has been made aware of an error by our mail-in ballot vendor resulting in some voters receiving the wrong party ballot for the Gubernatorial Primary Election.

In order to maintain the highest level of confidence and accuracy in mail-in voting, SBE is working with the vendor to send replacement mail-in ballots. While it is possible only a small number of voters received the wrong ballot, and most voters received the correct ballot, all voters must be issued a replacement ballot. This action of resending ballots maintains the integrity and security of mail-in voting.

This error affects only voters who were mailed a ballot before May 14, 2026. If a voter requested and received their mail-in ballot by web delivery (Print at Home ballot), their ballot will not be affected. All affected voters will be notified.

“We are diligently working to address this error and provide clear instructions to those affected as quickly as possible,” said Maryland State Administrator of Elections, Jared DeMarinis. “The State and Local Boards of Elections remain committed to running an election that is verified, secure and accurate. Mail-in voting is an integral facet of the electoral process. With over 500,000 voters requesting mail-in ballots, we want to eliminate any doubt in its integrity or accuracy that is why I have arranged the sending of replacement ballots.”

Mr. DeMarinis emphasized, “Please be assured that we are actively answering phones and responding to emails and will remain transparent as we navigate through this situation. We will make every effort to ensure that everyone affected knows the situation and how to cast their ballot. Every vote matters, your voice will be heard, and our elections will remain verified, open, transparent, and secure.”

SBE understands that this situation might cause the spread of misinformation. Please remember to rely on election officials as your trusted sources for election information.

Any questions or concerns can be directed to the Maryland State Board of Elections by emailing [info.sbe@maryland.gov](mailto:info.sbe@maryland.gov) or calling 410-269-2840.

## **Taylor Print & Visual Impressions, Inc.'s Statement Regarding Mail Ballot Printing Error**

Taylor Print & Visual Impressions, Inc. ("TPVI") recently became aware of an issue involving the incorrect distribution of ballot materials in connection with a primary election mailing. Specifically, a portion of voters received ballot packets intended for a different voter segment.

We understand the seriousness of this matter and the importance of accuracy and trust in all election-related communications. Upon identifying the issue, we immediately began working closely with our customer and election officials to investigate the cause, implement corrective actions, and support the timely delivery of accurate materials to affected voters.

We have implemented additional quality control and verification measures to help prevent this type of issue from occurring in the future.

At TPVI, we are committed to maintaining the highest standards of security, precision, and operational integrity, and we regret the confusion this situation may have caused.

Sincerely,

The TPVI Election Services Team

## **Frequently Asked Questions**

### **Is there a risk of duplicate voting because of this error?**

No. There is no risk of duplicate voting as a result of this issue. Election officials have safeguards in place to ensure that only the corrected ballots included in the replacement mailing will be accepted and counted.

### **When will I receive my new ballot?**

Replacement ballots are currently being prepared and mailed. All ballots will be remailed by 5/29/2026. Additional updates will be communicated by election officials as they become available.

### **What should I do with my original ballot?**

Voters should securely discard or destroy the original ballot materials they received and use only the replacement ballot sent in the new mailing.

### **Will my vote still count?**

Yes. Eligible voters who complete and return their replacement ballot in accordance with election instructions will have their vote counted.

### **What is being done to prevent this from happening again?**

We are conducting a full review of the issue and implementing additional verification and quality control measures to strengthen accuracy and help prevent similar situations in the future.

## The Maryland State Board of Elections Shares More Information and Next Steps Regarding Mail-In Ballots

**ANNAPOLIS (May 18, 2026) — ANNAPOLIS (May 18, 2026)** - As stated on May 15, 2026, the [Maryland State Board of Elections](#) (SBE) has been made aware of a printing error by our mail-in ballot vendor for the Maryland 2026 Gubernatorial Primary Election scheduled for June 23, 2026. The following provides more information to Maryland voters and other stakeholders about next steps with mail-in ballots.

Beginning on May 9, 2026, mail-in ballots were sent out to all voters that requested them on or before May 6, 2026. While some voters may have received the correct ballot and party affiliation as they are registered, an error in the coding with SBE's mail-in ballot vendor resulted in some voters receiving the wrong party ballot. Since the mail-in vendor was unable to accurately identify who received correct ballots and who did not receive correct ballots, SBE determined the only course of action to ensure the integrity and security of mail-in voting was sending all voters who requested a mail-in ballot by mail a new ballot.

### Notify all affected voters

All voters who will receive a replacement ballot will be sent a postcard to the same address where they receive their ballot. Additionally, if the voter receives emails or texts from SBE, they will be notified using their preferred method of contact that they will receive a replacement ballot. Communications with voters will begin on Monday, May 18, 2026.

Postcard Example

## Replacement Ballots

To help voters identify replacement ballots from the original ballots, the ballot envelope will have "REPLACEMENT BALLOT INSIDE." Production of replacement ballot packets will begin May 19, 2026 and mailing will be completed no later than May 29, 2026. Mailings will occur on a rolling basis as replacement ballots and envelopes are produced.

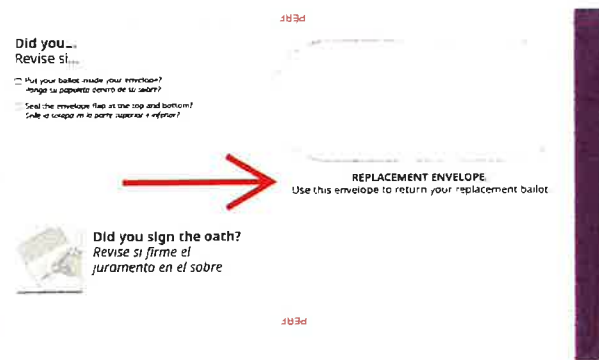

Voter Envelope Example

## Voter Instructions for the Replacement Ballot

The process is essentially the same as voting any mail-in ballot, however the voter should return the "replacement ballot" in the envelope marked "replacement envelope." The original ballot received by voters should be destroyed. Special instructions will be enclosed.

**Maintaining the accuracy of the canvass**

SBE will utilize existing practices that prevent voters from having more than one ballot counted. As with all facets of the electoral process, there are additional safeguards to ensure only the correct ballot is being counted for each voter.

**Further Information**

SBE created a webpage dedicated to educating and informing voters and other stakeholders of how this matter will be handled. Voters can visit [vote.md.gov/2026replacementmib](https://vote.md.gov/2026replacementmib) to learn if they will be affected, understand what will happen next, and view frequently asked questions.

Please remember to rely on your state and local government election officials as your trusted sources for election information.
